### Hike Instructions

- All participants must call hike coordinator
- Coordinator should be notified at least three days prior to the activity
- Coordinator should notify participants in case of change of weather, etc.
- Participants should inform coordinator if one cannot make it on the trip
- Coordinator needs to discuss individual skills with each participant
- Participants should be instructed about the trip via the telephone
- Coordinator should refer hikers to suggested hike equipment list
- When hiking, lead and rear hikers should be readily seen. Person in front should wait for the slower hikers
- The last two cars of each trip should leave together so no one gets stranded
- Coordinator needs to be assertive as necessary
- There should be a minimum of four participants. If there are not four, it is no longer a club activity
- Participants should pay gas money to the driver
- Participants should bring a change of footwear and a bag for dirty boots

Equipment Suggestions and Trip Classifications can be found on the website  
<http://LovelandMountainClub.org>
